Madam,

This activity was organised by IQAC and Commerce Department on the occasion of World Friendship Day. 61 students participated in this event.

To celebrate World Friendship Day on 7/8/2023 the participants were asked to express their feelings or their thoughts about their own friends. It has notices that true and long lasting friendship is reducing after covid. Hence to enhance the true relationship the Participants are asked to write down their feeling about their own friends. They not only felt that their peers are only friends they have but their parents are their Frist friend whom they can share all their feelings and emotions. Some participants express about their own friends' strengths which they liked and hence the friendship has become more strong.

This is for your information
