Brief Report Of Street Play Presentation On Water Conservation

10.09.2022

The Principal

Manjunatha College of Commerce

Khambalpada, Thakurli East

Subject – Report of activity on the occasion of Clean Air Day

Madam

In the aggies of **IQAC NSS Unit & Health Counselling Cell**, the street play presentation was organised on the occasion on **Water Conservation Week** celebration on the **Clean Air Day** on Wednesday, 7.09.2022

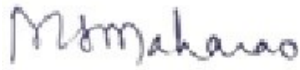

The **NSS Volunteers Ms Aradhana, Ms Karuna, Ms Mamta, Mr Aditya & Mr. Sidharth** has presented a street play on conserving the water to reduce air quality. It is always said that maximum **Carbon Dioxide CO₂** emitted from oceans and saline water bodies.

Hence it is necessary to reduce the water pollution from our surrounding region which indirectly help us to reduce cumulative effect of pollutants entering in seas and oceans. This helps in maintaining the air quality which is highlighted through the street play.

All the students were asked to assemble in the open space on the first floor of college premises.

This is for your kind consideration.

Yours faithfully

Asst. Prof. Madhuri M
NSS PO

Asst. Prof Swapnali Bidkar
