This will include activities through the year, till students are placed 10-12 months after their final year examinations. Features of the program are as follows:
2. 100-hour program including Personal effectiveness (goal setting, interpersonal relationships), Personal Finance, Professional effectiveness (how to choose right career option, how to apply for job, tools-CVs, cover letter- etc.), Business communication (effective communication with co-workers and customers), Career Readiness (orienting students to jobs matching their skill sets and exposure to a career path) and Work Readiness (Professionalism, Work Ethics, Email Etiquettes, Workplace dynamics - etc)
3. 60 hours of training will be delivered in class and 40 hours of mandatory training will be available to students on TechnoServe's proprietary online learning platform. Dear Sir,

**Manjunatha College of Commerce**

**Date- 6th feb, 2018**

**Time- 11:00 am**

**Please ignore the earlier mail**

Greetings from Speromedia.

This is that time of the year when colleges plan their sessions looking at providing as many bright prospective career alternatives to students. On behalf of India's largest National Stock Exchange, we propose a career guidance seminar in the dynamic field of capital markets.

The session would be a great chance to have a live interaction with the equity market at large. A number of specially designed courses would be on offer for business, commerce and management students to guide them in making a great career in financial markets. This engagement promises to provide a common platform recognized by not only national but international financial community as well to both students and institutions alike.

We intend to have the career guidance seminar in top notch commerce/business colleges of Maharashtra. We would be travelling to your college and interacting with the students enlightening them about the possible career options in this dynamic field. In doing so it would be a great opportunity for the institution to engage with the one of the most trusted and respected government exchange NSE; allowing your students access to world class career opportunities not only in India but abroad as well.

Kindly let us know your earliest possible convenience so that we may be able to prepare the itinerary well in advance. As a first step towards realizing your students' dreams, please inform and share the coordinates of your placement coordinator/academic coordinator. We would require an enclosure like auditorium to have the session with at least over 100-150 students in attendance.

And be rest assured about any charges involved as this whole activity, which is free of cost. We would just need your whole hearted support and interest in making this seminar on career in financial market, path breaking for the students as well as college as a whole.

Request you to visit the following link to get more details on two of the very popular courses.
