Subject: Report of Environment Enrichment Value-Added-Course

respected Madam,

The IQAC, GREEN CLUB and NSS Unit organized Environment Enrichment Value-Added-Course from 25th September 2023 to 4th October 2024. Water Management, E-waste management, soil conservation, eco-bricks making and plantomania etc.. topics guided by environmentalist Rashmi Joshi. How to minimise our electricity bill means how we can conserve energy, that she guided through practical. To conserve trees, first Plantation of trees is important, so students plants so many herbal trees at College premises. Our students participated in Cleanliness Drive on 1st October "cleanliness is service to Nation" is the main principle behind this. she had given training of Micro-Greens. She taught about chemical less floor cleaner.

To pass on the message to future generation is that Good environment enrichment improve the quality of life for animals by enabling them to carry out natural and desirable behaviours, providing cognitive challenges and opportunities to make choices and have a degree of control over the environment. The concept of this course aims to clarify the meaning of the term contributing to a shared understanding of its use in healthcare in children's development and healthy aging in general population.

Associate Prof. Jayanthi Vakunth(NAAC Co-ordinator). All Staff members, Non-teaching staff and mainly students helped a lot to success this course.

95 students participated in this activity.

Thank you.

Yours Faithfully,

Asst.Prof.Nisha Deodhar
