"It's our duty to protect greenery around us"

VRUKSH BANDHAN

During lockdown even the maintenance of trees never stopped. The supportive staff has done a great contribution in watering the plants and taken great care of the survival of trees.

"You are the creator, don't destroy it."

Distribution cloth bags to the people in vicinity

The main purpose of this activity is 1] Saving environment from plastic bags. 2] Inculcating habit of using reusable and durable bags for sustainable life.

Student prepared cloth bags from waste cloth at home and distributed in the homes in the vicinity

Collection of Nirmalya: - students every year help KDMC people in collection of dry flowers from Ganapati Idols and send it for bio-fertilizer creating plant at MIDC, Dombivali. Nearly 8 Tons of nirmalya was been collected so far.

Collection of dry flowers during Ganapati Immersion and helping KDMC. This initiatives is helping waterbodies from getting polluted.

"Use me as a resource, don't just litter it"

(Principal and IQAC Chairman)

Dr. Sushila Vijaykumar

(IQAC Co-ordinator)

Mrs. Jayanthi Vaikunth

(HOD Dept. of Commerce)

"Love to breathe, save the trees."

Energy Conservation Survey.

Every year, it starts in the month of September and ends by January. This survey is done under the Guidance of Asst. Prof. Pushkar Deshpande. During this survey student creates awareness about following points: -

- 1] Which devices can be used for reducing electricity unit consumption.
- 2] Importance of using 4 or 5 star labelled electric equipment at home.
- 3] The need for Electricity Conservation.
- 4] What are the sources of conventional energy generation.
- 5] The need for increasing use of solar and wind energy at individual level.
- 6] What are the other alternative sources of energy.

All these points were highlighted during the survey. The report is submitted by student to teacher.

Students prepared Solar Mobile Chargers under guidance of Mrs. Sangeeta Kharat an expert from Shrustidyayan, an NGO working for Environmental Issues. Students have prepared nearly 15 mobile chargers.

Manure/Bio-fertilizer making and creation of Kitchen Garden

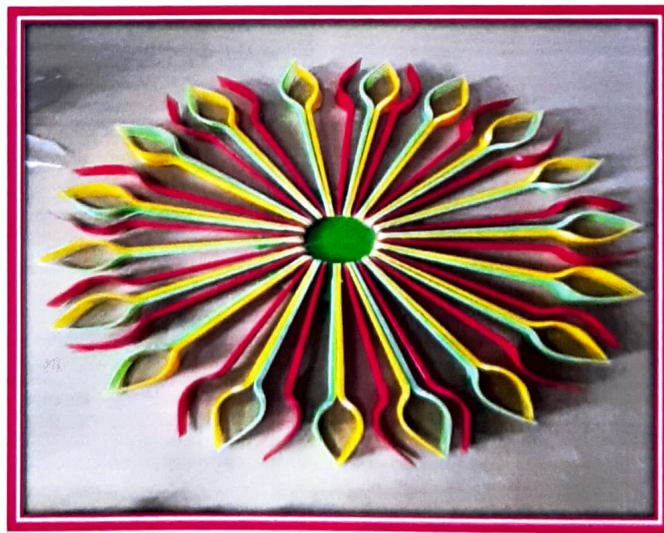

Demonstration of how to make Manure/Bio fertiliser from vegetable and fruit waste from our home by Mrs. Nisha Deodhar- Inculcating habit of recycle reguse and reduce.

“Contribution of single drop, can create an Ocean.”

"Think before you trash it, don't trash, Recycle it."

BEST OUT OF WASTE

Student's creativity increased during lockdown. They made decorative items from Parer and plastic spoons

"I give oxygen to you, what You are doing form me?"

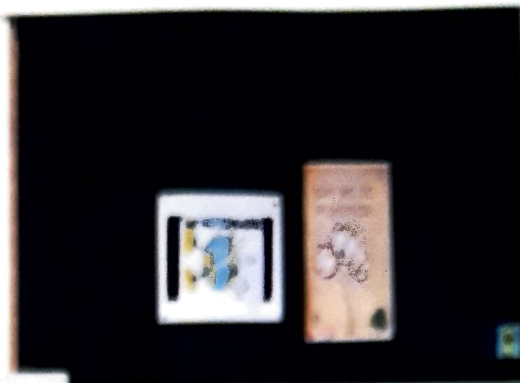

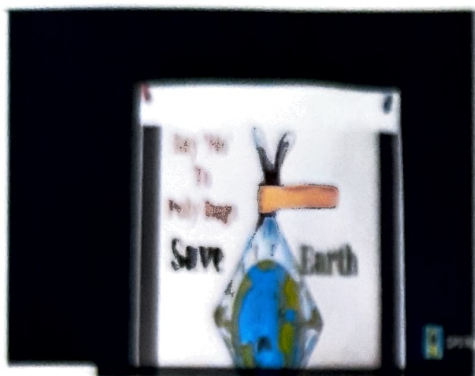

Green view of college premises

"Can you stop unnecessary use?"

Ban on Plastic within college premises

On the notice board posters related to "Ban on plastics" are put up and teaching & non teaching staff of college strictly observe not to use plastic bags below 50 micron.

Segregation of waste generated within college premises on the basis of its nature of generation into Dry and Wet garbage.
