Subject: Brief Report of the activity organised on World Alzheimer's Day, 21 September 2021

Sir

On the occasion of World Alzheimer's Day, IQAC and the Commerce department organised an online PPT presentation on the topic of awareness about Alzheimer.

Alzheimer's Disease International was founded in 1984 to explore and raise awareness of the disease. In 1994, the organisation celebrated its tenth anniversary and declared September 21 as the World Alzheimer's Day.

This disease also known as dementia. Students were asked to present the PPT on the same.

Objectives of the event to create awareness about the disease and its impact

2 students presented the PPT and highlighted the understanding of Alzheimer's disease and its impact on the person as well as on his/her family members. Students also discussed the measures which could minimise the impact of the disease on the affected person and his/her family. 30 students were present for this webinar.

Thank you

Yours faithfully
